

APPLICATION FORM

SLA

The Society for
Location Analysis

SLA stands for The Society for Location Analysis. It is a not-for-profit organisation run by a voluntary committee and funded by Pitney Bowes MapInfo Limited.

Its aims are to:

- Improve the standing and promote the expertise of site location research.
- Support the interests of the site location research community.
- Encourage cross-fertilisation of information, techniques and practices (this obviously discounts commercially sensitive information).
- Encourage discussions of matters relating to Site Location Research.

Membership to the society is free. This will be reviewed annually. Potential members will be invited to apply for membership and the committee reserves the right to decide whether an application for membership is accepted. If a member moves company membership needs to be renewed and a new application form is required.

Membership of the SLA is limited to retailers and other organisations operating chain networks, or location specialists in full-time employment with such organisations; or property professionals, or planning specialists in full-time employment at Local Authorities.

Meetings of the society will be a mix of (a) presentations followed by discussion, and (b) purely social events. It is envisaged that four or five events will be organised per annum.

The society is currently putting together plans for a website and newsletter.

If you would like to join the SLA please fill in your details and fax back on +44 (0)1753 621140 or post to the address below.

I wish to apply for personal membership of the Society for Location Analysis:

Name:		Job Title:	
Main Job Responsibilities:			
Company:			
Address:			
			Postcode:
